REQUIREMENTS ANALYSIS & COSTING

Adaptable Fabric Roof Systems

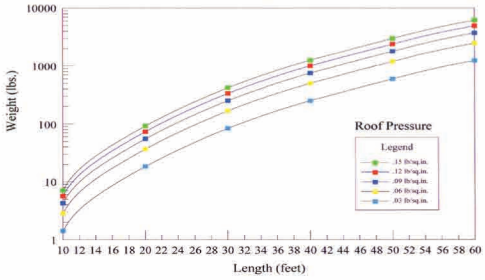
COSTING CONSIDERATIONS & ANALYSIS

The cost of an enclosure will depend on many factors such as size and style. We can provide a comprehensive costing system based on our advanced costing models and associated software packages.

Customer Requirements

- Application
- Footprint
- Environment
- Options

Example Plot of Beam Weight vs. Length

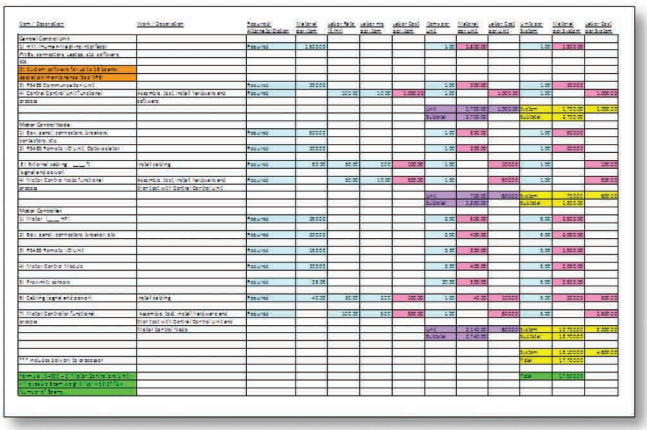


Structure Analysis

- Module definitions
- Component loads
- Component materials & dimensions
- Trade-offs

Cost Analysis

- Subsystem costs
- Module cost
- Options cost
- System cost



Economical Design

Fabrication and Maintenance

Fixed and Mobile Configurations
